WCSR Smith College

10 Prospect St., Northampton, Mass.

April 20, 1949

Mr. Stoddard John, Station Manager
Station WYBC
Box 242-A, Yale Station
New Haven, Connecticut

Dear Stod:

All of us here at Smith want to extend our many thanks to WYBC for the swell job that you did last Friday night.

Very favorable reports of the broadcast have been coming into us from all points around campus. Not only has general enthusiasm from the college resulted from your visit, but we at the station are extremely grateful for all the pointers that you gave us and that we picked up from observing your well run and well manned performance. It is our only regret that more members of Radio Club were not on hand to benefit by all you had to show and tell us.

We also feel that you brought to the "Little Garage Around the Corner" the luck that we've been praying for ever since the idea of a radio at Smith was conceived. Sunday, the very last technical scheme to make the station heard in all the houses was put to a final test, and to our thorough elation WCSR can now be picked up anywhere and everywhere over this fair campus of ours. From garage to palace with only 25 wires or less.....!

It was fun having you up here and meeting you all. You must come back next year.

Sincerely,

Patricia Bradford Butler
Station Manager
